Improvement Report

Regarding your improvement:

1. What was it like before you came in to see us?

Because of my MS
I was facing the possibility of going onto Copaxon after taking myself off of Avonex because of bad flu like symptoms after weekly injections.

2. How is it now?

Wow!!! What a difference! My energy level is up and my depression is gone. I feel like I have a GREAT future. What a relief.

This information is for our records and to help us educate others about what we do.
