## Improvement Report

### Regarding your improvement:

1. What was it like before you came in to see us?

Lack of energy. Could not go out in the yard and do any work for more than 10 min. My thoughts were that I had Lyme's Disease, which is a very complicated disease. Dr. J. really took his time explaining the disease and referred me to an M.D. for treatment, which lasted for 6 months on antibiotics.

2. How is it now?

Since then, My energy level has been there when I need it. Still have a few issues that we are dealing with, but overall my health is good. The positive attitude in NHC is very motivating in it's self.

This information is for our records and to help us educate others about what we do.
