Improvement Report

Regarding your improvement:

1. What was it like before you came in to see us?

Since my last visit I haven't had any migranes, my energy continues to improve & my bowels have become consistent. I still didn't have much freedom in my diet as we continued to sort through my ALCAT results.

2. How is it now?

I'm able to challenge some new foods in the coming month and I'm excited about my continued improvement. I have been able to add more food back into my diet & I've also discovered new foods that I enjoy.

This information is for our records and to help us educate others about what we do.
